FIRST ROUND FOR WALL CUP

The games in the Beretania Tennis Club's classification tourney for the Wall cup, played yesterday afternoon, resulted as follows:

M. A. Wells beat R. G. E. Forster, 6-4, 6-4; H. Cooper beat Bill Richards, 6-4, 6-4; A. J. Lowrey beat J. Macaulay, by default; J. Catton beat M. R. Jamieson, by default; R. B. Booth beat L. J. Warren, 3-6, 6-4, 6-3; Dr. Wilkinson beat C. H. Olson, 8-6, 6-1.

The following matches will be played this afternoon:

4:30 p. m.—S. Peck vs. A. C. Wall; C. G. Bockus vs. T. C. Davies; T. J. Harwood vs. R. C. Van Vliet; J. Sheldon vs. G. F. Davies.

5 p. m.—B. L. Marx vs. J. Hannah; Basil Combe vs. C. R. Fraser; B. W. Anderson vs. E. H. Wodehouse.

5:15 p. m.—W. Warren vs. R. B. Rieltow; C. H. Atherton vs. C. Rowell.

5:30 p. m.—D. Scudder vs. H. S. Grey.

NEWS SCHEDULE NOW ARRANGED

The schedule of the Newsboys' Baseball League is as follows:

June 9—Referees vs. Stars. Bulletins vs. Advertisers.

June 16—Advertisers vs. Stars. Referees vs. Bulletins.

June 23—Referees vs. Advertisers. Bulletins vs. Stars.

The boys want to have each team meet the other three times in the first series. The second series of games will be similar to the first.

Games will be played on the glorious Fourth of July.

NEXT WHITE ROCK TOURNEY

W. C. ("Chan") Wilder, a prominent local golfer, has been elected secretary of the White Rock Golf Cup committee in place of Frank Halstead who has gone to the Colonies.

There will be a tournament for the cup on the Country Club links next Sunday. This will be the first White Rock tourney to be held on the Country Club links.

Entries close at E. O. Hall & Son's store at 4 p. m. on Friday next.

SOCKER PLAYERS PLEASE GATHER

All Association footballers intending to go to Hilo for July Fourth are requested to turn out at Makiki at 4:30 p. m. tomorrow for organization and practise.

A captain for the team will be chosen on the ground.

WATER NYMPH AFTER RECORDS

NEW YORK, May 18.—Miss Annette C. Kellerman, a champion woman swimmer of England, and hailed as a born water nymph, is on a visit to America. Miss Kellerman comes, literally speaking, to get "into the swim." For the one thing that Miss Kellerman prides herself upon is her power to execute graceful curves and angles in diving from a dizzy height into shallow water, deep water or any kind of water.

The young woman comes from Australia, and has been an expert swimmer since she was fourteen years of age. That was, well—it was not so very long ago, for Miss Annette has hardly escaped her teens. Before her fourteenth birthday she was a swimmer, too, although she had not then won the many championships that she can now boast of, and she had not, at that tender age, tried to swim the English Channel. Miss Annette would have crossed the Channel had it not been for mal de mer.

Her mission here is to demonstrate to the American women, who are desirous of being expert swimmers, the science of back dives, double back dives, somersault dives, bent dives, fancy swimming and under-water strokes. She is to give private exhibition of her prowess in this city before she continues her travels westward.

Before she returns to Australia she may decide to swim many of the great American rivers, including the New York Bay. She will tackle the Mississippi, the Hudson, the Missouri and the Rio Grande. She may even try to swim the Narrows to Coney Island, and she will undoubtedly have a try at the St. Lawrence. She will not, however, attempt to navigate the Niagara. That feat she characterizes as a "trick swim."

Miss Kellerman is regarded as a perfect specimen of womanhood. Her father says she is a "bundle of nerves." Her animation put everybody in good humor aboard the Celtic when the great liner was held up by the fog within sight of New York for nearly forty-eight hours.

Miss Kellerman holds the English coast swimming record of twenty miles, from Dover to Ramsgate, having covered the distance in four hours and twenty-eight minutes. She also holds the world's one hundred yard record of 1:14.

POLO TEAMS FOR THE FOURTH

Poloists are now centering their attention on the big game to be played at Moanahua on July 4, between the Blues and the Reds.

The teams will probably be as follows:

Blues—George P. Denison, W. F. Dillingham, Dr. W. D. Baldwin, E. H. Lewis.

Reds—R. W. Shingle, C. H. Cooke, W. Macfarlane, Alton Clough.

Both teams are practising steadily for the event and a first-class exhibition of the game is confidently looked forward to.

CAPT. EAMES QUILTS SNARK

Capt. Eames has quit the yacht Snark and Novelist London is left high and dry without a captain.

The veteran sailing master developed an attack of home-sickness while here and left for his "ain countree" by the S. S. Sierra, sailing for the Coast yesterday.

London declares that Captain Eames hadn't cold feet or anything like that, but that he just wanted to go home—and went. He probably found that he was getting to be too old a man to stand the voyage.

Captain Roschill, the local viking, has been offered the job of guiding the Snark into the great unknown and he will probably accept the billet.

London is at present laid up with sunburn contracted while surf-riding. The Snark will probably drop anchor in Honolulu harbor before very long.

DIAMOND HEADS PLAN AQUATICS

The Diamond Head Athletic Club, ever eager to please, has about decided to have an aquatic carnival at Waikiki next Sunday afternoon.

The program will consist of swimming races, diving contests, pyramid building, and surf athletics.

The events will probably be brought off in front of the Seaside hotel.

The Diamond Head Athletic Club has furnished Honolulu with a liberal portion of good sport and their latest entertainment will doubtless be fully appreciated.

OSS TO SWIM CUNHA AGAIN

An unanticipated swimming match will be brought off at the Hotel Baths on Thursday evening next.

Carl Oss has expressed himself as dissatisfied with the decision in the 25-yards race last Saturday, which was awarded to L. Cunha, and has challenged Cunha to another sprint.

Cunha, like Barkis, is willing, and as a result, the race will be reswum on the day mentioned.

BULLETINS TAKE NEWSBOYS' GAME

The Stars and Bulletins played a practise game at Makiki on Sunday and the latter won by 8 to 7.

Score by innings:

Stars	1	2	3	4	5	6	7	8	9
Bulletins	1	3	0	0	0	1	0	7	8

Umpire—Freitas. Scorekeeper—Manuel Muniz.

JEWELS WILL MEET TONIGHT

The next regular meeting of the Diamond Head Athletic Club will be held at the Y. M. C. A. at 7:30 p. m. today. All members are requested to be present.

"DOWN WHERE THE WURZBERGER FLOWS."

Pilsner and Wurzbeger beer on draught at Scotty's Royal Annex, Merchant street.

Jim Jackson was brought before a Western judge, charged with chicken stealing. After the evidence was all in the justice, with a perplexed look, said: "But, I do not understand, Jackson, how it was possible for you to steal those chickens when they were roosting right under the owner's window and there were two vicious dogs in the yard." "Hit wouldn't do yer a bit o' good, Jedge, for me to 'splain how I kitched dem chickens, fer you couldn't do hit yerself ef yer tried it forty times, and yer might get yer hide full er lead. De bes way fer yer ter do, Jedge, is jes ter buy yo' chickens in de market, same ez odder folks do, and when yer wants ter commit any rascality do hit on the bench whar yo' is at home."

Back to Nature for a Cure

Nature is the greatest doctor on earth. When she can't cure it is because she needs aid. Now, most people have an idea that this aid is drugs, and when they get sick or suffer from pain of any kind they proceed to dope their stomachs with the stuff that is sold for medicine. That doesn't help any; in fact, it does a great deal of harm. The dope that you put into your stomach is poison and poison weakens the organs and nerves of your body. What Nature needs is electricity.

When your stomach, kidneys, liver or digestive organs get out of order it is because they lack the necessary electricity to enable them to perform their regular functions. The breaking down of one of these organs nearly always causes other trouble. Nature can't cure them, because your body hasn't enough electricity to do the work, so you must assist Nature by restoring the electricity where it is needed.

My Electro Vigor does this while you sleep: It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

Electro-Vigor is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It removes the cause of disease, and after the cause has been removed Nature will do the rest.

Electro-Vigor is not an electric belt. It is a dry-cell body battery, and makes its own power.

I Give it Free

Get my 100-page book describing Electro-Vigor and with illustrations

of fully developed men and women showing how it is applied.

This book tells in plain language many things you want to know, and gives a lot of good, wholesome advice for men.

I'll send this book, prepaid, free, if you will mail me this coupon.

HANDCRAFT FURNITURE

J. HOPP & CO., the Furniture House, in the large Lewers & Cooke Building on King street, have just opened up and placed on display a fine line of hand-made furniture which they received from New York per steamer Nebraskan.

This HANDCRAFT FURNITURE is the most artistic thing made in furniture today. It is a style of furniture peculiar to the artistic development of the furniture workers' craft in America during the few years which has been required to perfect the mission furniture. When factories first took hold of the mission furniture fad the main idea seemed to bring out something big, square and clumsy to stain it dark and put it forth as MISSION—the ideal of all—yet something which for a while in all its clumsiness would have made the old mission fathers sad, had they been here to see it.

Then the craftsmen took hold of the matter. They were men of the highest skill in woodworking; men of original ideas; and the advent of mission furniture gave them an opportunity to bring out the idea of HANDCRAFT FURNITURE, a product which should be similar to the fine old patterns of the mission, stained in colors which should be restful to the eye, and made in a way which would make it comfortable for the use of the present busy man, and yet do away with the ugly features of the first mission furniture brought out.

One of the best and most successful of the handcraft furniture communities is the one at Fayetteville, N. Y., and from this factory J. HOPP & CO. have a nice line of Morris Chairs, Easy Arm Rockers, Nurse Rockers, Arm Chairs, Tables, Tea Tables, Library Tables, etc., all done in the neat fumed oak color and tastefully upholstered in leather. The goods are worth seeing even if one does not need similar articles at present.

Another shipment by the steamer Nebraskan consisted of a dining set, made after Austrian patterns, from another craftsmen's community factory. This is an expensive set but very desirable to anyone looking for exclusive goods to set off an out of the ordinary diningroom.

Visit the large King street furniture stores and make your plans for that new house such that they will include GOOD FURNITURE.

The Secret in the Soup

The secret of good Tomato Soup is a complex matter. Selection of the right tomato is one element. Good salad tomatoes or good ketchup tomatoes are not necessarily the best for soup. The proper blending of pure spices is another requisite. Then there's the cream—it must be cream, rich and pure. Milk won't do.

HEINZ CREAM OF TOMATO SOUP

is superior on account of H. J. Heinz Co.'s large facilities in bringing together all the above elements. It is made with all the care and cleanliness for which the "Home of the 57 Varieties" is famed.

In tins of three sizes. Guaranteed to suit you or money back.
